Responsible Professor: [Cinzia Crinella](#)

E-mail: cinzia.crinella@unicamillus.org

PREREQUISITES

English language B2, CEFR.

LEARNING OBJECTIVES

Aim of the course is to provide the students the requested English communication skills to carry out professional daily routines, updating and improving language practice.

LEARNING OUTCOMES

The student has to be fluent, correctly speaking meanwhile having the expected pronunciation.

Knowledge and understanding

Professional interaction and cooperation are possible when English language is the correct tool for every scientific approach.

Applying knowledge and understanding

The ability to correctly speaking and writing in English make student able to get their professional goals.

Communication skills

A good English language level is the main purpose of the Course: at the end students will be able to deal with their patients, daily hospital activities, public speaking.

Making judgements

A fluent and correct speech will be the sign of the professional goals and the needed linguistic autonomy the student got.

COURSE SYLLABUS

The 2nd year program includes a complete review of English Grammar practiced in different medical and scientific contexts.

General Scientific English Glossary is the lexical path for getting the course aims, with a focus on Gynaecology and Obstetrics topics.

'English At Work' study is also important to deal with the ordinary needs in scientific routines (Basic Business English).

'Hospital activities' and 'Midwifery duties' are the core part of the Course.

COURSE STRUCTURE

The teaching consists of 28 hours of frontal lessons divided into two hours depending on the academic calendar. Attendance is mandatory for at least 75% of the hours, added to all the courses of the integrated course.

COURSE GRADE DETERMINATION

The final assessment (pronunciation, medical glossary, grammar) consists of exposing a thesis on a topic chosen by the student.

The exam grade can go from 18/30 to 30/30, according to the mentioned above parameters.

OPTIONAL ACTIVITIES

The students are supported by different activities to practice Written and Spoken English depending on their personal level.
