Transfer students who still have to complete CFUs relating to courses envisaged in the study plans prior to enrolment will not be validated for the hours of lessons relating to these courses, and will therefore be required to actually attend them. In this case, should the teaching calendar overlap in the delivery of the lessons of interest to the student, no remedial activities will be provided and no form of recognition will be granted; therefore, the student must plan his/her study path taking this eventuality into account.
